When international, state, and/or county boundaries coincide, the map shows the boundary symbol for only the highest-ranking of these boundaries.

- 1 A "C" following a place name indicates that the place is coterminous with a MCD. "MCD" indicates that the place is also a false MCD; the false MCD name is not shown.
- 2 This map shows tribal census tract boundaries and numbers within the subject county; nontribal census tract boundaries are shown outside of the subject county. Within the subject county, a tribal census tract is a type of census tract defined within a federally recognized American Indian reservation or off-reservation trust land for the purpose of providing data based on an American Indian reservation. A tribal census tract is not a reservation or off-reservation trust lands cross state or county boundaries, the same tribal census tract number may be assigned on both sides of the boundary, even if, in fact, the land is situated in two different census tracts.
- 3 A "B" following a block number indicates that the block number is repeated elsewhere in the block.
